Jul 97

The Board of Education directs the establishment and implementation of a program for the identification and reporting of children missing from the educational system and a program providing early warning of missing pupils.

Used in this policy, “parent” means the parent or parents or guardian having legal custody and control of a minor child.

The Superintendent shall develop and implement procedures to identify children who have been withdrawn from this district without enrollment in another school or school district or pupils who have been willfully or neglectfully removed from school by protracted absences without good cause. Children so identified shall be reported promptly to the Franklin Police Department. The Board authorized the release of the child’s name, age, gender, last known home address, and physical description and the parent’s or legal guardian’s name and work place, if known, to the Franklin Police Department. Reasonable attempts shall be made to determine the cause of a child’s unauthorized absence and to remediate the cause to the extent possible within the school setting. The Superintendent shall report monthly to the Board the results of the program for the identification of children missing from the educational program.

The Franklin Police Department, pursuant to N.J.S.A. 52:17B-9.8b, must notify the Superintendent, of a missing child, who is currently or was most recently enrolled in the school district, of the disappearance and provide the Superintendent with information concerning the identity of the missing child. The Franklin Police Department shall also notify the Superintendent if the child is located.

If the Superintendent is notified of a missing child by the Franklin Police Department, the Superintendent shall mark the child’s school record. The mark will be a clearly, identifiable and removable marking so in the event a copy or information regarding the record is requested, the school district will be aware the record is that of a missing child. Once the Franklin Police Department notifies the Superintendent that the child is located, the Superintendent, or designee, will remove the mark from the child’s school record. If a copy of a school record is requested that has been “marked” in accordance with this Policy, the Superintendent, or designee, will remove the marking from only the copy of the school record to be provided to the request or in accordance with Board Policy 8330, and without alerting the request or to the fact that the record has been “marked.” After supplying a copy of or information regarding the “marked” record, the Superintendent will immediately report the inquiry or any knowledge as to the whereabouts of the missing child to the Franklin Police Department.

The Superintendent shall develop and implement an early warning program to alert parents or legal guardians promptly to the absence of children who may be missing from school. The program shall require the notification of parents or legal guardians when children are unaccountably absent from school on any given school day. Parents or legal guardians shall be informed of the early warning program and shall be requested to participate by notifying the school by calling 973-827-9775 x238 of a pupil’s absence by 8:30 A.M. or by calling the school nurse. The Superintendent shall report monthly to the Board the results of the program for the identification of children missing from the educational program.
